

Akses Jaringan Menggunakan Kabel

Cara login ke jaringan unisa

akses <http://unisa.wifi/login> atau buka sebuah alamat website, misal unisayogya.ac.id

The screenshot shows the login interface for Universitas Aisyiyah Yogyakarta. At the top is the university's logo, a green shield with a yellow border and a central emblem. Below the logo are two input fields: 'USERNAME' and 'PASSWORD'. A green 'LOGIN' button is positioned below these fields. At the bottom of the page, it says '© POWERED BY GMEDIA'. Red arrows point from external text boxes to the input fields: one from 'NIP atau NIM' to the 'USERNAME' field, and another from 'Password sesuai milik user' to the 'PASSWORD' field.

NIP atau NIM

Password sesuai milik user
